TROY CITY SCHOOLS

CODE OF STUDENT CONDUCT

INTRODUCTION

The belief of the Troy City Board of Education is that instruction shall occur in an environment that is conducive to learning because effective quality instruction requires orderly procedures and discipline. The intent of this handbook, as well as the enforcement of its rules, is to ensure the presence of safe, friendly and business-like atmosphere in which students and school personnel work cooperatively toward mutually recognized and accepted goals. Furthermore, acting in the best interest of this community, the policy of the Troy City Board of Education is to require the principals, faculties, staffs, students, and parents and guardians to adhere to and to comply with this Board of Education-approved Code of Student Conduct.

As students progress in the public schools, it is reasonable to assume that an increase in age and maturity will result in the students' assumption of great responsibility for their actions. Although it is true that differences in age and maturity require different types of disciplinary action, the expectation of student behavior identified in this handbook will apply to all students in grades kindergarten through twelve. Recognizing these differences, disciplinary action shall be divided into elementary, middle and/or high school sections to assist parents and guardians, administrators, faculty members, and students in maintaining an environment that is conducive to teaching and learning.

The consensus of the Board of Education is that the regulations in this handbook deal with matters of legitimate interest with the intent of protecting the health, safety, and welfare of students and insuring the efficient operation of the schools.

The contents of this handbook will:

- describe roles of the home, student, school, and school personnel.
- describe student's rights and responsibilities.
- define student discipline in the context of the Board of Education's philosophy.
- identify formal disciplinary actions.
- identify classifications of violations and describe procedures for disciplinary actions.
- standardize procedures for administering formal disciplinary actions.
- conform to the mandates related to safe and drug free schools as enacted by the same legislature pertaining to education.

ROLES OF THE PARENTS AND STUDENTS

In order for effective teaching and learning to take place in our schools, there must be a cooperative relationship among students, parents/guardians, and educators.

To foster this relationship, parents and guardians should:

- communicate regularly with the school authorities concerning their child's progress and conduct.
- insure that their child is in daily attendance and promptly report and explain an absence or tardiness to school officials.
- provide their child with the resources needed to complete classwork.
- assist their child in being healthy, neat, and clean.
- bring to the attention of school authorities any problem or condition which affects their child or other children.
- discuss report cards and work assignments with their child.
- maintain up-to-date home, work, and emergency telephone numbers at the school, including doctor, hospital preferences, and an emergency health care form.
- attend scheduled parent-teacher conferences.
- promptly report any change of address by completing a new affidavit.

Students should:

- attend all classes daily and be punctual in attendance.
- come to class with appropriate working materials.
- be respectful to all individuals and of all property.
- refrain from profane or inflammatory statements.
- conduct themselves in a safe and responsible manner.
- be clean, neat and appropriately dressed.
- be responsible for their own work.
- respect the classroom and school.
- show a positive, cooperative attitude toward school.
- promptly report and change of address to the principal's office.

JURISDICTION OF THE BOARD OF EDUCATION

Troy City School students are subject to the rules and regulations of the Troy Board of Education during the school day, while in attendance at school-related activities and while being transported to and from school on school-related activities in school vehicles. Jurisdictional control over the student may be extended to the immediate vicinity of the school whenever the conduct of the student is deemed to have an effect on the health, safety, and welfare of the school community.

ATTENDANCE

Philosophical Basis:

School administrators are required under state law to enforce compulsory school attendance laws for students 6-17 years of age. Regular attendance by students facilitates the development of the skills and knowledge necessary to function in a modern democratic society.

Student Responsibilities:

- To take advantage of educational opportunities by attending all classes daily and on time.
- To provide the school with an adequate explanation and appropriate documentation indication the reason for an absence.
- To promptly request make-up assignments for each excused absence.

Students Rights:

- To be informed of Board of Education policies and individual school rules regarding absenteeism and tardiness.
- To appeal a decision pertaining to an absence.
- To make up classwork within a specified length of time when there is an excused absence.

STUDENT ATTENDANCE POLICY

It is the belief of the Troy City Board of Education that regular school attendance is important to all students and to the school system. It is further believed that course content and grading procedures should be structured so that regular attendance is necessary in order to successfully complete course requirements.

Subject to parental guidance, each student must be responsible for his/her own attendance. Administrators and teachers will make every effort to encourage regular attendance by students and to solicit assistance from parents and guardians in accomplishing this objective.

An absence is defined as non-attendance (except for in-school activities excused by school personnel) in a regularly scheduled class or activity regardless of the reason for such non-attendance.

Parents or guardians shall send a note of explanation to the school the day the child returns to school.

Excused Absences

A student shall be excused for absences from school for the following reasons:

1. Illness
2. Inclement weather which would be dangerous to the life of the pupil if he/she attended school
3. Legal quarantine, death in the immediate family, emergency condition as determined by Superintendent or principal
4. Permission of principal and consent of parent

In order to meet the required promotion/attendance policy, any student having more than 20 days absences (total for grades K-8), or more than 10 absences by class or subject per semester (grades 9-12, whereby students receive credit based on attendance for each class) will be required to have a doctor's or legal excuse.

*** A student must be in attendance one-half of the instructional day to be counted present (K-8).**

Unexcused Absences/Truancy

Any absences not excused shall be considered unexcused. Failure to furnish such explanation shall be evidence of the child being truant each day he is absent. Seven unexcused absences within a school year constitute a student being truant for the purpose of filing a petition with the court. First truancy/unexcused absence (warning)-parent/guardian shall be notified by the principal or his/her designee that the student was truant and the date of the truancy. Fifth unexcused absence (conference)-attendance at one of these conferences is mandatory except in case of an emergency or prior arrangements have been made. **Seventh unexcused absence, but within ten (10) school days (court) - a complaint may be filed against the child and/or parent/guardian.**

Excuses

In accordance with state law, parents/guardians must explain the cause of every absence of students under their control or charge. Every student, upon return to school, must bring a written excuse from home signed by the student's parents/guardians for each absence and present it to the principal or his/her designated representative.

The principal or designee shall ensure the student's teacher(s) is notified as to whether the absence is excused or unexcused. All written excuses shall be retained for the remainder of the school year in the principal's office or other location approved by the principal. The principal has the responsibility of making decisions relating to check-outs. Such decision shall be made in the best interest of the student when emergencies or unusual circumstances arise.

Make-up Work: Excused Absences

If a student is absent for any excused reason as defined as above, the student shall be allowed to make up school work and/or examinations missed during said absence or absences. For kindergarten through sixth grade students, the teacher shall be responsible for providing the student with a written list of missed assignments within three (3) days after the absence(s). The student shall be responsible for completing all make-up assignments within a reasonable length of time, not to exceed two (2) weeks.

For seventh through twelfth grade students, the students shall be responsible for contacting the teacher or teachers immediately upon return to school to arrange a reasonable length of time not to exceed two (2) weeks, to make up work and/or examinations. Teachers shall not be required to reteach lessons, but students shall be given a reasonable opportunity to learn lessons missed due to excused absences.

Make-up Work: Unexcused Absences

Teachers shall not be obligated to provide make-up work and/or examinations for students absent for inexcusable reasons.

School Participation Absences

Students who are away from school because of participation in official school-sponsored activities shall be marked present and shall be allowed to make up missed work.

Attendance Requirements

According to school board policy, any student enrolled in grades K-8, who accumulates more than 20 absences during the school year, is subject to being retained in the same grade the succeeding year. Above 20 absences for the year must be documented with a doctor's or legal excuse. Partial day absences will be cumulative in computing this total.

According to school board policy, any student enrolled in grades 9-12, may not receive credit in classes where the accumulated absences within a semester exceed 10. After a student has accumulated a total of more than 10 absences per semester per class, absences must be documented with a doctor's or legal excuse. Doctor's or legal excuses must be presented to the office within one week of the absences if they are to be considered.

School-sponsored or sanctioned activities are exempt and do not count toward the total absences allowed; however, arrangements must be made for making up work as required.

A student who is suspended from school for disciplinary reasons for any number of days will have that number of days charged against the total number of absences allowed.

A student who has been retained or who has lost credit(s) because of noncompliance with attendance policies shall receive a notation of Noncompliance Attendance (NCA) on his/her report card and cumulative record for that semester year. The principal shall make the determination of retention or loss of credit due to noncompliance with attendance policies (NCA). In such cases a parent or guardian and/or student may request a hearing with the Principal and Superintendent to appeal such loss of credit or retention. This request must be in writing dated and signed, within five days of the notification of the loss of credit. Failure of parent or guardian and/or student to request a hearing shall be sufficient basis for sustaining the loss of credit or retention. Credit which is lost because of absences will be made up in the same manner as academic failures.

Tardiness

Students are required to report to their individual schools no later than the beginning of the school day and be punctual to all classes during the day. Tardiness is excused for the same reasons that absence is excused. Tardiness for any other reason is unexcused. Excessive tardiness will result in disciplinary action.

Check-ins and Check-outs

Any student who arrives after school has begun must go to the office of the principal and check-in.

Students who have a valid need to leave school before the dismissal bell shall be checked-out at the office of the principal. Such students must be signed out by the parent or guardian. Notes or telephone calls may be accepted for the purposes of checking out a student.

Parental Responsibility for Student Attendance and Behavior

It is the policy of the board to comply with Act 93-672 as adopted by the Alabama Legislature. Parents/guardians or person in charge of children are required to ensure that their children enroll and attend school and conduct themselves properly in accordance with written policy on school behavior adopted by the local board of education.

The failure of a parent/guardian and persons in charge of children to exercise this responsibility is a crime. If convicted said persons shall be fined not more than \$100 any may also be sentenced to hard labor for the county for not more than 90 days.

School principals and the superintendent of education or his/her designee are required to report suspected violations to the district attorney within ten (10) days. Any principal or superintendent or his/her designee intentionally failing to report such suspected violations shall be guilty of a Class C misdemeanor. The local board of education will establish programs to inform parents of school children of their education related responsibilities.

Student School Attendance Standards and Operation of a Motor Vehicle (Pertaining to a Drivers License)

It is the policy of the board to comply with Act 93-368 as adopted by the Alabama Legislature which provides for school attendance standards and the operation of motor vehicles. Any person under the age of 19 at the time of application for, or renewal, or reinstatement of a driver's license or a learner's license must present documentation of graduation or school attendance or qualify for one or more of the following expectations:

- Is enrolled and making satisfactory progress in a course leading to a general education development test (GED) from a state approved institution or organization or has obtained the certificate.
- Is enrolled in a secondary school of this state or any other state.
- Is participating in a job-training program approved by the State Superintendent of Education.
- Is gainfully and substantially employed.
- Is a parent with the care and custody of a minor or unborn child.
- Has a physician certify that the parents of the person depend on him/her as their sole source of transportation.
- Is exempted from this requirement due to circumstances beyond his/her control as provided commencing with Section 16-28-1 Title 16 Code of Alabama 1975 amended.

TRANSFER STUDENTS

A student must be in good standing and must have no major disciplinary action pending against him/her by the school he/she is leaving in order to be eligible to enroll in any school in the Troy City School System. Any parent who desires to place their child in home schooling or return from home schooling should contact the Troy City Board of Education for specific information.

GUIDANCE SERVICES

Philosophical Basis:

Personal concerns of students can seriously limit educational development. Schools have the responsibility to provide a guidance program and to make relevant and objective information available to students in such a manner that it will enhance educational development.

Student Responsibilities:

- To use guidance services for their own educational and personal improvement.
- To schedule appointments with guidance personnel in advance unless the problem or concern is an emergency.
- To work cooperatively with guidance personnel.

Student Rights

- To be informed as to the nature of the guidance services available in school.
- To have access to individual and group guidance.

SPECIAL EDUCATION

Any special needs student who qualifies under IDEA or NCLB will receive a free and appropriate public education (FAPE).

CHILD FIND

The Troy City School System is committed to providing educational opportunities to all exceptional children. Services are provided to students identified with special needs according to the Alabama Administrative Code to include the areas of Autism, Deaf-Blindness, Development Delay, Emotional Disability, Hearing Impairment, Intellectual Disability, Multiple Disabilities, Orthopedic Impairment, Other Health Impairment, Specific Learning Disability, Speech or Language Impairment, Traumatic Brain Injury, or Visual Impairment.

If you live in Troy City and have or know a child who is exceptional between the ages of 0-21 and not in school, call 566-3741 or write....CHILD FIND, TROY CITY SCHOOLS, SPECIAL EDUCATION DEPARTMENT, 385 ELBA HIGHWAY. TROY, ALABAMA 36079

GIFTED EDUCATION

Gifted students are those who perform at or who have demonstrated the potential to perform at high levels in academic or creative fields when compared to others of their age, experience, or environment. These students require services not ordinarily provided by the regular school program. Students possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor.

A student may be referred by teachers, counselors, administrators, parents or guardians, peers, self, or any other individuals with knowledge of the student's abilities. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist.

For each student referred, information is gathered in the areas of aptitude, characteristics, and performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services

For more information contact the Troy City Special Education Department, Dr. Christie Armstrong at 566-3741.

EQUAL EDUCATIONAL OPPORTUNITIES

It is the policy of the Board that no student shall be excluded from participation in, be denied the benefits of, or subjected to discrimination in any program or activity in the District on the basis of sex, age, marital status, race, religion, belief, national origin, ethnic group, disability, immigrant status, non-English speaking ability, homeless status, or migrant status, and provide equal access to Boy Scouts and other designated youth groups.

Adopted by the Troy City Board of Education. July 20, 2015

Legal Ref: Titles VI and IX of the Education Amendments of 1972; Section 504 of the Rehabilitation act of 1974

FREE SPEECH/EXPRESSION

Philosophical Basis:

Citizens in our democracy are guaranteed self-expression under the First (1st) and Fourteenth (14th) Amendments of the Constitution of the United States; therefore, in a democratic society, one of the basic purposes of education is to prepare for responsible self-expression.

- To plan for, seek approval of, and participate in activities which are consistent with the educational objectives of the school.

Student Rights:

- To form and express viewpoints through speaking and writing in a manner which is not obscene, slanderous, or libelous. These viewpoints should not infringe upon the rights of others nor interfere with the orderly educational process.
- To affirm identity with the American ideals, ie., pledging allegiance to the flag.
- To refrain from any activities which violate the precepts of his/her established religion.

GRADES

Philosophical Basis:

An academic grade should reflect the teacher's most objective assessment of the student's academic achievement. Academic grades will not be used as a means of maintaining discipline in the place of order in a classroom.

Student Responsibilities:

- To become informed of the method of grade determination in each class
- To maintain standards of academic performance equal to ability, and to make every effort to improve performance upon receipt of notification of unsatisfactory progress.

Student Rights:

- To receive a teacher's grading criteria at the beginning of each year or semester course.
- To receive periodic progress reports.

CURRICULUM

Philosophical Basis:

Student opinion regarding curriculum offerings is extremely important, and therefore, deserves careful analysis and consideration. The degree of student involvement in curriculum development is determined by the student's age, grade level, and maturity. Final determination of course requirements and program consistency will rest with the professionals who are assigned the curriculum development responsibility.

Student Responsibilities:

- To request participation in academic programs and extracurricular activities that are compatible with ability.
- To seek assistance in course selection from informed professionals in the schools.
- To contribute to an atmosphere free from bias and prejudice.
- To cooperate fully and exert every effort to achieve mastery of the basic skills.

Student Rights:

For further information about these services, please contact the Special Education Director at the Troy City School Board of Education or you may call 334-566-3741.

PRIVACY AND PROPERTY RIGHTS

Philosophical Basis:

Federal and state laws provide persons with a reasonable expectation of privacy in addition to freedom from unreasonable search and seizure of property. Such guarantees are not unlimited and must be balanced by the school's responsibility to protect the health, safety, and welfare of all students.

Student Responsibilities:

- Attend school-related activities without having in their possession or under their control any materials or objects prohibited by law or Board of Education policy or which detract from the educational process.
- Respect the property rights of the public at large, as well as those of individuals, and to refrain from destruction of, or damage to, such property.

Student Rights:

- To attend school in an educational environment in which personal property is respected.

STUDENT RECORDS

Philosophical Basis:

Student records will be maintained by the school and will be used in making appropriate educational decisions for the students. All information regarding students and their families will be collected, maintained, and distributed under safeguards or privacy. These safeguards will be maintained through informed consent, verification of accuracy, limited access, selective discard, and appropriate use. The Superintendent of Schools will institute specific procedures for the implementation of this policy as dictated by the Right to Privacy Act.

Parent, Guardian or Eligible Student (18 years of age or above) Responsibilities:

- To inform the school of any information that may be useful in making appropriate educational decisions.
- To authorize release of pertinent information to those individuals or agencies who are working actively and constructively for the benefit of the student.

Parent, Guardian or Eligible Student (18 years of age or above) Rights:

- To inspect, review, and challenge the information contained in records directly relating to the student.
- To be protected by legal provisions which prohibit the release of personally identifiable information to anyone other than legally authorized persons without the consent of the

STUDENT COUNCIL/STUDENT GOVERNMENT ASSOCIATION

The Student Council/Student Government Association serves as the voice of the student body and mediator between the student body and the administration. Purposes include providing opportunities for the development of responsibility, initiative, and leadership; planning and implementing activities and projects designed to unify the student body and enhance school spirit; and encouraging scholarship and responsible citizenship within the student body.

SCHOOL ACTIVITIES

Co-curricular activities are considered an important part of the total school experience; however, the main emphasis should be on academics. Therefore, a student must be in attendance at school no less than 3.5 hours for student participation in extra-curricular activities unless with prior approval of the school principal.

Clubs and organizations will be organized only with the advice and approval of the administration and should evolve from the curriculum needs. When it is determined that formation of a club or organization is in the best interest of the students of Troy City Schools, a time, place, and faculty member will be provided. In order for a club to become or remain active, the club must define goals, objectives, activities, and a yearly evaluation. In the annual review of the club, if the administration does not feel that it has accomplished its goals, then the club will be disbanded. No club meetings or activities shall be scheduled without advance written approval of the activities coordinator and the school principal.

STUDENT PUBLICATIONS

Philosophical Basis:

Education is the process of inquiring and learning, acquiring and imparting knowledge, and exchanging ideas. One of the important roles of the school is to provide effective avenues through which students may express themselves. Official student publications, such as school newspapers, should include viewpoints representative of the student body.

Student Responsibilities:

- To refrain from publishing libelous and/or obscene materials or any matter which is disruptive of the orderly educational process.
- To seek full information on the topic about which they write.
- To observe the accepted rules for responsible journalism in accordance with local board policy and administrative procedures.

Student Rights:

- To participate, as part of the educational process, in the development or distribution of publications in accordance with local board policy and administrative procedures.

It is expected that students will dress in such a manner that will help promote an environment conducive to learning as well as ensure the health and safety of all students of Troy City Schools. Students in all grades (Pre-K through 12th Grade) must dress in a manner that will ensure health and safety, will not be distracting to others, and is not disruptive to the learning and educational process. The school principal or his/her designee will have the final decision in determining whether apparel meets the dress code. At any time, the administration has the authority to limit or adjust what may be worn.

Students determined to be in violation of the dress code will be required to change their clothing to comply with the dress code. School personnel and principals may evaluate any hairstyle, hair color, article of clothing, or other student clothing or display item that may be considered a violation of this dress code and/or a distraction to the educational process on a case-by-case basis and the principal or his/her designee will be authorized to make a determination as to whether a violation of the dress code has been committed by the subject student(s).

In addition to and not in abrogation of any disciplinary measures stated above for violation of this policy, the following shall apply:

CONSEQUENCES FOR FAILING TO ADHERE TO THE DRESS CODE

First Offense: The student will be sent to the office to change clothes

Pregnant/Married Students

Marital, maternal, or paternal status shall not effect the rights and privileges of students to receive a public education nor take part in any extracurricular activities offered by any school in this school district.

Pregnant students shall be permitted to continue in school in all instances where continued attendance has the sanction of the expectant mother's physician. School principals are to be notified as soon as possible after the pregnancy has been confirmed.

Drug Abuse

The intent of the Troy City Board of Education is to comply and to cooperate fully with the law regarding illegal drug use and drug abuse. The Troy City Board of Education believes in zero tolerance for any illegal controlled substance, paraphernalia, and/or alcohol. **If a student in grades 6-12 is in possession of, under the influence of, or attempts to sell a controlled substance, the student will be expelled from school. The Administration of the Troy City Schools has the authority to require a student drug test if there is strong, probable cause.** The Board of Education understands that there are times when prescription drugs may be used by students for medical reasons. Under these circumstances, the student or his/her parent(s) or guardian should register the prescription with the principal or his/her designated person(s) in order to protect the student.

AUTOMOBILE USE

Students shall be required to present a valid Alabama drivers' license and proof of current liability insurance before they are authorized to bring a vehicle on school premises. Students driving cars to school must park them in the approved student parking spaces. Students are not to sit in parked cars after arriving on campus. Cars are not to be moved during the school day without administrative approval. All cars should be locked after arriving in the morning.

Students in middle school will not be permitted to drive cars to school.

STUDENT GRIEVANCES

The belief of the Troy City Board of Education is that the students have both the right and responsibility to express school-related concerns and grievances to the faculty and the administration. Therefore, students shall be assured the opportunity for an orderly presentation and review of grievances.

To be granted discussion and consideration of a grievance, any student or group of students should request an appointment with the principal which will not interfere with regularly scheduled classes or school-related activities. The faculty and administration will make an honest effort to resolve student grievances at the most immediate level of supervision.

In the event the principal is unable to resolve a student grievance, the student may then follow the system's grievance procedure as stated in the **Policy Manual** of the Troy City Schools. Policy manuals are available at each school in the library and principal's office.

FORMAL DISCIPLINARY ACTIONS AND PROCEDURES

Detention

The principal or his/her designated person(s) has the authority to assign the students to a designated area on campus at the end of the regular day for a reasonable and specified period of time as a disciplinary action. Students in grades K-12 will be given a one-day written notice of their after school detention assignment.

A reasonable attempt will be made to notify the parent(s) or guardian of students prior to the assignment of a student to after school detention.

By mutual agreement of the student and principal, detention assignment may include some type of supervised work activity.

In-School Support Program

In-school support is a structured disciplinary action in which a student is isolated or removed from regular classroom activities but is not dismissed from the school setting. The principal or his/her designated person(s) has the authority to assign students to the in-school support program for a reasonable and specified period of time. The principals and their staffs should determine the scope of in-school support in their respective schools.

Physical Restraint

The principal or his/her designated person(s) has the authority to use reasonable physical force to restrain a student from abusing or attempting to abuse himself, other students, teachers, administrators, parents, guardians, or other staff members. This action may be taken when it is necessary to maintain safety. This must be done in a reasonable fashion to protect all parties involved. Law enforcement officials may be called to assist in the enforcement of this action.

Corporal Punishment

If corporal punishment is deemed appropriate under the circumstances, it may be administered only by the principal or vice-principal. Corporal punishment is not to include more than three(3) swats to the flat of the buttocks, and **prior approval must be obtained from the parent/guardian**. No student shall be punished by the corporal method unless it is done in the presence of the principal or his designated professional representative. If a parent does not want corporal punishment used as a disciplinary option, a letter should be written to the building principal.

Alternative Learning Center

The Alternative Learning Center is designed to serve as an alternative to out of school suspension. Students who would normally be suspended for a disciplinary infraction are assigned instead to the Alternative Learning Center for a period of time. All assignments shall be in conformity with the established procedures governing the operation of the Alternative Learning Center. A student at the Alternative Learning Center will be required to complete all assignments and to follow all guidelines.

While assigned to the Alternative Learning Center, a student is not allowed on any campus in the school system. Furthermore, students may not participate in or attend any school sponsored activity either on or off campus until they are readmitted to regular classes. While attending the ALC, students are not allowed to drive on campus.

Administrative Hearing

The Superintendent or his/her designee shall appoint an Administrative Hearing Committee (to consist of not less than 3 members) to review the recommendation from the principal for the consideration of the Superintendent. The Administrative Hearing Committee's composition must be representative of the ethnic population of the school system. The committee will meet within (7) school days from the date of the referral. This committee is charged with the responsibility of reviewing all information and fully discussing the matter in an informal setting with both parents and students afforded the opportunity to attend. Alternative actions other than those recommended by the principal may be considered/recommended if the evidence so warrants. The Committee shall notify parents of the action to be taken. If expulsion or suspension (in excess of 10 days) is recommended, the Superintendent will arrange a hearing date for the Troy City Board of Education to consider recommendation for expulsion.

Parents or legal guardians wishing to appeal the decisions of the Administrative Hearing Committee should do so by writing to the Superintendent within three(3) days of receipt of said decision.

Board of Education Hearing

The Board of Education hearing involving expulsion recommendations will be conducted in accordance with Board of Education policy.

PROCEDURES FOR THE ADMINISTRATION OF OUT OF SCHOOL SUSPENSION AND EXPULSION

A student recommended for suspension or expulsion will be made aware of the charges and will be given an opportunity to respond. Any time a referral that warrants suspension or expulsion is submitted, a reasonable effort will be made by the school to either contact the parent(s) or guardian by a telephone call and/or by written notice delivered by the student or U.S. Mail. The student is responsible for notifying his/her parent(s) or guardian of all written communications from school. Failure to do so may result in further disciplinary action.

SUSPENSION OF STUDENT AND/OR ALTERNATIVE LEARNING CENTER ASSIGNMENTS

Authority

The school principal or his/her designated person(s) has the authority to suspend students from school.

Notification

Prior to suspension the student will be made aware of the charges and given an opportunity to respond to them. Written notices will be sent to the Superintendent and parent(s) or guardian stating the reason(s) such action was taken.

Immediate suspension of a student is justified when the student's presence would threaten other students or himself/herself, endanger school property or seriously disrupt the orderly educational process. Principals are given the authority to have the law enforcement agency remove uncooperative students.

Length

The suspension of a student is not to exceed ten (10) days except as follows:

1. Any student who has been determined eligible for special education may be suspended, but all procedural safeguards must be adhered to as set forth in Public Law 105-017 (IDEA-04).
2. If an incident or violation causes the principal or his/her designated person(s) to recommend the expulsion of a student, the suspension shall remain in effect until such time that action upon recommendation for expulsion is taken.

Terms or Conditions

1. If a student attends a parent school and/or special school and is suspended from either school, the suspension will include both schools. The principals of both schools or their designated person(s) must notify each other of all suspensions.
2. During a suspension period, suspended students shall not attend school sanctioned functions on any school system property for any reason.
3. When a student is suspended, his/her teacher must be notified concerning the date of suspension and the number of days suspended.
4. A student who has been suspended from any school, regardless of the school system, is not eligible to enroll in the Troy City School System until such time that he/she is eligible to be reinstated in the school from which he/she was suspended.

Readmission

When a student returns to school after suspension and/or Alternative Learning Center assignment, the readmission must be preceded by a conference with the principal or his/her designated person(s). The conference should include the parent(s) or guardian unless otherwise approved by the principal.

The student is readmitted by the principal or his/her designated person(s) and is given a readmission slip to return to class.

EXPULSION OF STUDENTS

In accordance with the Alabama State Compulsory Attendance Law, the Troy City Board of Education makes the final disposition of any expulsion recommendation. **A student may be expelled for any act that is classified as a Class II or Class III offense as defined later.** The school principal is initially responsible for determining that an offense has been committed for which expulsion may be warranted.

Any student who is the subject of any expulsion action shall be granted the following rights of due process: a hearing, the right to counsel, the right to hear the alleged charge(s), the right to question all evidence, the right to speak and offer evidence in his/her own behalf.

The following steps of due process shall be observed in all expulsion actions:

1. The local school principal shall consult with the Superintendent concerning the student's infraction(s).
2. If the decision to recommend expulsion is made by the Superintendent, the parents/guardian shall be notified, by letter, of the time and place of the expulsion hearing before the Troy City Board of Education, and the student shall remain under suspension until the hearing is held. This notice shall be given a minimum of five calendar days before the hearing is held.
3. The student or the parent/guardian may request that the hearing be held in private. Failure of the student and/or the guardian to appear shall not nullify the process.
4. If the decision to expel the student is made, the expulsion shall be for any length of time deemed appropriate by the Troy City Board of Education. The Superintendent or his/her designee shall, by letter, notify the parent/guardian of the Troy City Board of Education's decision within ten days after it is made.
5. Any student who has been determined eligible for special education may be expelled, but all procedural safeguards must be adhered to as set forth under Idea 04 and the Alabama Administrative Code.
6. Any student referred to an Administrative Board Hearing for the third time during a given school year may be subject to expulsion.

CLASSIFICATION OF VIOLATIONS

Violations of the Code of Student Conduct are grouped into three categories: (Class I - minor offenses; Class II - major offenses, and Class III - terminal offenses). Before determining the classification of a violation, the principal or his/her designated person(s) will consult with the involved student(s) and school personnel. Once the classification of the violation is determined, the principal or his/her designated person(s) will implement the disciplinary procedure.

Disciplinary actions for violations of The Code of Student Conduct are divided into three levels: Elementary (K-6), Intermediate (7-8), and Secondary (9-12).

Each classroom teacher will deal with classroom disruption by taking in-class disciplinary action, by making a personal call to the parent(s) or guardian when feasible, and/or by scheduling conferences with the parent(s) or guardian and other school staff. ASBESTOS HAZARD EMERGENCY RESPONSE ACT

Troy City School System

Alabama Asbestos Management System

Notification of Parents, Teachers, and Employees

On October 22, 1986, President Ronald Reagan signed into law the Asbestos Hazard Emergency Response Act (AHERA). This law required all educational agencies and school systems to inspect all school buildings and facilities to identify all building materials that possibly contain asbestos. In compliance with the law, the Troy City School System employed a professional AHERA approved and accredited firm to carefully inspect all buildings and identify all asbestos containing materials. At that time, all friable asbestos was removed from all the buildings in the city school system.

To further insure the health and safety of our students and staff, an asbestos management plan was also developed and approved by AHERA to carefully monitor all school buildings to prevent any future asbestos problem. Currently, the only asbestos found in the Troy City School System is non-friable and offers no health risk to students or staff members.

The inspection report and management plan is on file in each school and Central Office for your review. If you have any questions or concerns about these reports, please contact the Maintenance Supervisor at

(334) 566-3741. The Troy City School System probably has less identified asbestos as any system in this nation, and again, it offers absolutely no health risk to our students or staff members.

Inappropriate Images Or Video

Students are prohibited from possessing communication devices which contain sexual images or videos on Board property or during school-sponsored activities. In the event inappropriate images or videos are discovered in a student's possession, disciplinary measures may be taken and, if the material is deemed to be illegal, said possession may be reported to the appropriate law enforcement agency(ies).

Cell Phone Or Other Electronic Devices

Cell phones or other electronic devices including, but not limited to, digital cameras, camcorders, PDA's, MP3 players, and headphones must not be visible during the school day from arrival time until 3:30 p.m. and must be turned off completely - no on "silent" or "vibrate" mode. The use of camera cell phones for taking or disseminating pictures is strictly forbidden. Violations of this policy may be

treated as intermediate or major offenses.

Any telephone communication during the instructional day will take place on school telephones with permission from office personnel. Parents should continue to call the school for any emergency situation.

Violations of this policy may result in disciplinary action and/or confiscation of the cellular telephone or electronic devices. If the cellular telephone or electronic device is confiscated, it will be released/ returned to the student's parent/guardian after the student complies with any other disciplinary consequence that may be imposed. The school principal may also refer the matter to law enforcement if the violation involves an illegal activity. The District is not responsible for preventing theft, loss, damage, or vandalism to cellular telephones or electronic devices brought onto District property.

Alabama State Department of Education Policy

Use of Digital Device During the Administration of a Secure Test

Student Policy

The possession of a digital device (including but not limited to cell phones, MP3 players, cameras, or other telecommunication devices capable of capturing or relaying information) is strictly prohibited during the administration of a secure test. If the student is observed in possession of a digital device during the administration of a secure test, the device will be confiscated.

If a student is observed using a digital device during the administration of a secure test, testing for the student will cease, the device will be confiscated and is subject to search, the student will be dismissed from testing, and the student's test will be invalidated.

Local education agency (LEA) personnel will make all students, parents, and/or guardians aware of this prohibition through inclusion of this policy in the Student Code of Conduct Handbook and other regularly used modes of communication.

In addition, mechanical restraint does not include seatbelts and other safety equipment when used to secure students during transportation.

Troy City Schools shall prohibit the use of **Physical Restraint that restricts the flow of air to the student's lungs** - any method (face-down, face-up, or on the side) of physical restraint in which physical pressure is applied to the student's body that restricts air flow into the student's lungs.

Troy City Schools shall prohibit the use of **Physical Restraint** - direct physical contact from an adult that prevents or significantly restricts a student's movement except in those situations in which the student is in immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives of other de-escalation techniques. *Physical restraint shall not be used as a form of discipline or punishment.*

Physical restraint does not include, so Troy City Schools shall allow, limited physical contact and/or redirection to promote safety or to prevent self-injurious behavior, providing physical guidance or prompting when teaching a skill, redirecting attention, providing guidance to location, providing comfort, or providing limited physical contact as reasonably needed to prevent imminent destruction to school or another personal property.

Troy City Schools shall utilize the following procedures for use of Physical Restraint:

F. Annual report to the Troy City Board of Education for:

1. Use and document of restraint
2. Any prohibited use of restraint or seclusion, chemical, mechanical, or physical restraint.

Nothing in this policy shall be construed to prohibit an employee of Troy City Schools, any of its schools, or any of its program employees, from any of the following:
