

Charles Henderson Middle School

Vision

Charles Henderson Middle Schools vision statement aligns with Troy City School's vision "Trojans Committed to Success".

Mission

The school's mission promotes continuous improvement that will enable students to become life-long learners.

Beliefs

The daily pursuit of Charles Henderson Middle School is to provide a safe and motivating environment that will facilitate the maximum learning potential of all students to become responsible citizens in our global and ever-changing society.

Student Engagement

Objectives

- Provide a more engaging learning environment to improve state proficiency scores in reading and math

Critical Initiatives

- Provide professional development sessions involving best teaching practices and technology to increase student proficiency scores
- Develop proactive communication and academic support opportunities for parents and community members that promote student engagement
- Provide additional curriculum support, which aligns to effective instructional practices for student engagement

Personalization

Objectives

- Provide more personalized learning instruction to increase state proficiency scores

Critical Initiatives

- Implement a support/personalized learning plan for subgroup populations to increase state proficiency scores in reading and math
- Provide proactive parent communication and academic resources to increase student proficiency scores
- Invest in curriculum support to increase individualized student achievement scores

Leadership Development

Objectives

- Implementing leadership programs can increase proficiency scores and support positive behavior

Critical Initiatives

- Provide more mentoring and leadership programs to increase academic performance and support positive behavior among students
- Invest in more parental involvement and community partnership opportunities to increase academic achievement and support positive behavior among students
- Develop a learning environment to support positive character and knowledge
