

Troy City Schools Internet and IT Resource Acceptable Use Policy

The Troy City School District recognizes the value of computer and other electronic resources to improve student learning and enhance the administration and operation of its schools. To this end, the Troy City Board of Education encourages the responsible use of computers; computer networks, including the Internet; and other electronic resources in support of the mission and goals of the Troy City School District and its schools.

Because the Internet is an unregulated, worldwide vehicle for communication, information available to staff and students is impossible to control. Therefore, the Troy City Board of Education adopts this policy governing the voluntary use of electronic resources and the Internet in order to provide guidance to individuals and groups obtaining access to these resources on Troy City School District-owned equipment or through Troy City School District affiliated organizations.
