

Troy Elementary School

Vision

Trojans Committed to Success

Mission

to provide a meaningful and useful education for our children based on sound philosophy with strong commitment to goals

Beliefs

The teachers and staff of Troy Elementary School can work together to provide a quality education program to meet the needs of every student in an atmosphere of high expectations. Our goal is to help all students develop into self-directed learners who are productive and responsible citizens.

Stakeholder Engagement

Objectives

- Provide varied forms of communication to increase parental and community involvement.

Critical Initiatives

- Conduct an audit of community engagement
- Develop and implement strategic partnership plan

Key Measures

- Stakeholder surveys
- communication record data

Differentiation

Objectives

- Provide more individualized, small group learning opportunities based on student achievement data

Critical Initiatives

- Provide professional development for analyzing student data and implementing differentiated, small group lessons
- Invest in formative assessment and curriculum materials designed to support differentiated, small group and individualized instruction.

Key Measures

- classroom observations
- PST progress monitoring data
